

A Message from Our Tournament Co-Chairs

Aloha!

"A World without Type 1 Diabetes" – this is our vision and why we are committed to JDRF! We invite you to join us not only for a great day of golf, fun and friendship... but also to join us in supporting JDRF Hawaii's efforts to find a cure for type 1 diabetes (T1D).

On its 12th year, JDRF's tournament is more than just another fundraiser to us, it is a personal effort. Nearly 15 years ago, at only 5 years old, Ted's daughter Leiana, was diagnosed with T1D. She... and the nearly 5,000 children and adults in our islands live every moment of every day with the risks of life-threatening complications or death from an auto-immune disease that has no cure.

We do this because today children and their families, some smaller than little Leiana was, are receiving the T1D diagnosis. We do this today because 3 million Americans are living with T1D and its complications. We do this today because we know that every dollar we raise supports research to improve the lives of everyone affected by this disease. We know today your support will accelerate the progress and give hope for the most promising opportunities for treating, preventing and eventually curing this devastating disease.

There are no days off with T1D. Finger pricks and injections are 24/7 – and we believe that no child, no family, no one should have to live this way. Together, we can make a difference in the lives of Leiana and everyone living with T1D.

Mahalo for joining us on our journey... see you on April 17th!
